There is a little more structural work in assembling the body. *Pretty Polly* consists of 16 pieces of glass, and measures ten inches from the top of the head to the tip of the tail. It leans forward into the shelf on which it sits. It has a *CTR* rating of 0.9.

*Pretty Polly's* pattern and instructions occupy five pages. The pattern is presented in actual colors so you can pick the correct color of glass for the template. All of the step-by-step details in the instruction sheets are shown in full color photographs.
